## Technology and Internet Use Agreement

Academic Year 2026–27

---

At Zion outSchool, technology is a tool in service of inquiry — not a destination. Students use digital tools to support their learning, organize their research, and document their discoveries. This agreement describes how technology should be used at school and at home.

### Digital Platforms Used at Zion outSchool

The following platforms are part of the school's digital infrastructure for 2026–27:

- Google Classroom — curriculum organization and material distribution
- Claude - Anthropic AI — preliminary research
- Additional tools including may be introduced during the year with prior family notification

### Students Agree To

- Use technology and the internet for school-related inquiry and learning only during school hours
- Treat all devices — school and personal — with care
- Never share passwords with anyone except a parent or guardian
- Communicate respectfully in any digital environment connected to school work
- Avoid accessing or sharing content that is inappropriate, distracting, or inconsistent with the school's values
- Report any technology problems or unsafe online content to the teacher immediately
- Use search tools as one part of inquiry — not as a substitute for thinking, asserting, and testing claims

### Parents and Guardians Agree To

- Support responsible technology use at home and reinforce these guidelines
- Monitor their child's online activity as appropriate for the child's age and maturity

- Ensure their child brings a charged laptop or tablet on school days
- Contact the school if they have concerns about their child's technology use
- Help reinforce these guidelines

## Consequences of Misuse

Technology misuse during school hours may result in loss of device privileges for the day, a parent conversation, or escalation to the student conduct process depending on severity. Violation of this agreement does not affect enrollment unless the conduct also violates the Student Code of Cooperation.
